Comment:

I would thoroughly recommend James. He was fantastic from the initial response to the clearing up. We used all his recommendations for suppliers and they all worked seamlessly together. The marquee was stunning and for the great quality service provided his costs are very reasonable. He/ his company made our day easy and perfect.

Quality Marquee Hire were brilliant. They made the process so incredibly easy! James gave us such great advice and helped us to relax about our venue. He was always available for a chat and provided us with the most amazing wedding marquee that we were astounded with what we received. They were so flexible that we could still make additions to the marquee the night before the wedding. Exceptional service, a lovely company.

Comment:

James at quality marquee was amazing. Having a wedding is a very stressful time and when the venue is giving you extra stress this adds extra grey hairs to anyone. Luckily James was there and would answer any questions and give advice as quickly as he could. He definitely helped make our wedding a day to remember:

All the team at Quality Marquee were so amazing! They were professional, clean and charming and handled all my crazy ideas with totally calmness and honesty. They were great value for money and really understood my vision. They constructed an entire internal marquee to revamp my village hall in just a few hours and even showed up the next morning to tweak some things I hadn't even asked for! Clear up was also insanely fast and totally spotless afterwards. Highly recommended!

Absolute professionals, I have already recommended to many people. It was a hassle free arrangement. James went above and beyond to cater to us and is so creative, always knowing what would look best and how to maximise your budget. Great value for money.

Communication was great and James is a lovely man to do business with.

James and the team from Quality Marquee instantly put me at ease, they are friendly, professional and couldn't help enough whether it be with advise or changes that needed to be made. I could not recommend them high enough. As a family business they are more competitive than other marquee companies and don't pressure you like the larger companies. They offer so many options from marquees to bars to games which makes it even better to have all items you need from one supplier. Thank you!

James and the team were simply fantastic from start to finish and nothing was too much to ask. Our Marquee was absolutely stunning and there is nothing I would change. When we were setting up the day before the wedding we realised that we needed another table for the card table and so off one of the team went to bring another table! They were extremely thorough, the marquee was immaculate once they left and you didn't really feel like you were in a marquee in a field!

James and his team were incredible efficient and provided a very flexible service suiting our requirements to a tee. The speed at which they erected and deconstructed our marquee was

impressive, the marquee exceeded all of our expectations and James even came out to us the day before the wedding due to bad weather to assess whether we needed a last minute change of plan with regards to the type of marquee we planned to use. I would highly recommend

Quality marquees to anyone!

James was professional and charming. He was flexible throughout the planning process and was present there on the day and afterwards making sure everything was perfect for us. His communication throughout was excellent. He told us exactly when he would be present and call to check in and he did it.

Comment:

An awkward space was no problem They were the only company willing to come out before paying deposit. Nothing too much trouble. Wanted blue and yellow swags. They had them made specially. Tight for space they lined the garage with fabric which gave us space for an extra table. 'The team' were efficient and friendly helping us move pots etc. Going 'above and beyond' to make our preparations as smooth as possible. It was only a small job but they made us feel it was their most important ever

James and his team were absolutely fantastic from start to finish. James was friendly, helpful, professional, hard working and supported us to make the best choices for our big day. They also set up a day early so we had time to hang all our paper lanterns and bunting! The marquee was absolutely beautiful and James even supplied us different colour carpet when asked. Fantastic value for money. We cannot thank him enough for making our day so special and would highly recommend him to anyone!
